Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1-15 rejected under 35 U.S.C. 102(a) as being anticipated by Bednarek (WO 03/006604).

The instant claims are drawn to a method of inhibiting alcohol consumption comprising administering a therapeutically effective amount of a selective melanocortin 4 receptor agonist to a subject in need thereof wherein the selective melanocortin 4 receptor agonist is a compound of Formula I.

Bednarek discloses selective agonists of melanocortin 4 receptors of formula I that are useful in the treatment of disorders or diseases mediated through the MC-4 receptor. Selective melanocortin 4 receptor agonists are useful to inhibit alcohol consumption. Bednarek discloses the various compounds of formula I. See, for example, abstract, page 2, line 25- page 3, line 15, page 3, lines 17-21, claims 1-10.

Therefore, the cited reference is deemed to anticipate the instant claims.

Conclusion

All claims are rejected.
